

Inside Mining Seminar

The Industry Explained in Half a Day

This half-day seminar on the basics of mining provides a valuable opportunity for your staff to learn (or be reminded of) the difference between resources and reserves, the various mining methods, the source of the industry's finance, where your company fits in the supply chain, and mining's jargon and key phrases.

The seminar is run by leading mining-industry analyst Dr Chris Hinde of Pick and Pen Ltd, formerly of S&P Global Market Intelligence. He will also draw attention to trends this year in exploration, mine development, metals production and project finance.

The seminar provides a comprehensive yet straightforward explanation on how the global mining industry works. It's designed for anyone in the mining industry.

Presenter: Dr Chris Hinde

Director, Pick and Pen Ltd,
formerly of S&P Global Market Intelligence

- BSc in Mining Engineering from the University of Wales
- PhD in Rock Mechanics
- Served on the Council of the Institute of Materials, Minerals and Mining
- 28 years' experience with Mining Journal

Programme

1.30pm	Registration and Coffee
2.00pm	The Mining Sector Size and shape of the global mining industry, including a summary of the largest mines/companies, and the most important commodities.
2.30pm	Geology and Mineral Deposits Summary of the target minerals and metals, the geological processes, the types of deposit and how we measure them.
3.00pm	Mining on the Surface Examination of the main mining methods, techniques involved and the types of equipment used.
3.30pm	Coffee (15 minutes)
3.45pm	Going Underground Review of the main underground mining methods, the techniques involved and the types of equipment used.
4.15pm	Commodity Recovery Overview of metals-recovery stages, including milling, smelting and refining, and of waste handling.
4.30pm	Mineral Economics Explanation of the influences on metals demand and supply, and on costs, and the long-term price behaviour of commodities.
4.55	Q&A
5.00pm	Depart or move to communal area for 1-2-1s
